MEMORANDUM FOR: Colonel White

1. The attached proposal by the Office of Personnel for a single annual fund drive in CIA is submitted for your concurrence and forwarding to the Director for approval. The staff study looks a little frightening in view of the numerous annexes and I realize that you do not like to see annex references in the body of a study that would require the Director to do a search among attachments. However, this paper has already received concurrence from the DD/I and DD/P, hence changes here would, I assume, require another go round with DD/I and DD/P. Accordingly, I recommend your concurrence.

2. Actually the paper is not complex and is relatively brief though somewhat dog eared from making the concurrence rounds. It would seem to me that any proposal requiring concurrence by the DD/I and DD/P which originates with a DD/S office should have your approval before going to the DD/I and DD/P! If this were done, the product could be made to reflect what you want to go forward to the Director much more readily.
